Explanation:

These cardio fitness machines were purchased in 2004.

The Fitness Industry average life of cardio equipment is 3-5 years. These cardio fitness machines have lasted 18 years of constant use.

Parts for these models are no longer available for repair.

One Life Fitness Elliptical has no value and will be discarded. We are unable to repair it, it is not working, and we have salvaged all the parts from it that we can.

The other three pieces have an estimated value of \$200.00 each. We will advertise them at the Evolutions Plaza for sale
